**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who purchases their home internet that is only possible due to the availability of open access to internet infrastructure. I used to be an AT&T customer until I got tired of being treated poorly for high prices. I moved to a smaller company called Sonic and using the same wires, I get better quality service with better customer support and at a lower price. But while Sonic is working to build their own fiber, it hasn't reached my neighborhood yet. Don't leave me stranded without any real internet competition by considering this plan to remove open access.
